

## Our Frames

Our obeche wood frames are made from FSC accredited sources and come in three beautiful wood grained stains; a natural oak, black and white with an acrylic glaze. Please note that our natural oak may vary from cut to cut, and so not all frames will be an exact colour match.

Our acrylic glaze is optically the same as glass and is lightweight and safe for shipping. The simple hanging system on the back allows you to hang your frame on a single screw.

Our store on Brick Lane offers glass frames and some other bespoke options (for collection only), so if you had something else in mind please reach out to [info@eastendprints.co.uk](mailto:info@eastendprints.co.uk) and we will do our best to help.

Our ready to hang framed prints come in the following dimensions and in two styles:
